SacValley MedShare

The Health Information Exchange
for California's North Central Valley

P.O. Box 9217
Chico, CA 95927-9217

Skilled Nursing Facility

By becoming a member of SacValley MedShare, you can provide more efficient patient care by:

- providing your residents' labs, rads, and ADT into the exchange.
- viewing other entities health information about your resident.
- eliminating the need for faxing, electronic mailing, or couriering information.

Extremely valuable for residents who have services performed outside of your facility or have been to a hospital emergency room who are also members of the exchange.

The information is safe, the system is HIPAA compliant, and only those providers who need access to the information, can do so.

SVMS is a not-for-profit local health information exchange that is made possible by the contributions of member organizations. Please contact us to learn more about how your organization can join and benefit.
