By becoming a member of SacValley MedShare, you can provide more efficient patient care by:

- providing your patients' ADT, CCD, Lab Results, Procedure Notes, Imaging Reports, and therapy notes into the exchange.
- viewing other entities health information about your patient.
- extremely valuable for patients' who have been to an emergency room at facilities who are also members of the exchange.

The information is safe, the system is HIPAA compliant and 42 CFR Part 2 compliant, and only those providers who **need** access to the information will have the security access to do so.

SVMS is a not-for-profit local health information exchange that is made possible by the contributions of member organizations. Please contact us to learn more about how your organization can join and benefit.
